About the award, which was presented by Phil Spencer, of Channel 4's Location, Location, Location property TV programme, Bill Benson, Managing Director of Martin & Co (Telford), said, "I am delighted to have won the Gold award for two consecutive years, an achievement which no other agent in the Midlands has accomplished. Martin & Co has an enviable reputation throughout the area. Their high professional standards are very much in line with our own, as is their award winning quality of service. I look forward to a continued excellent and mutually beneficial trading relationship".

John added; "This contract, like our others, proves that our product and service is of the highest order and that we deliver on our promise. We are looking to expand our customer base across the region and welcome enquires from Estate and Letting Agencies throughout the area".
