Dear Bob

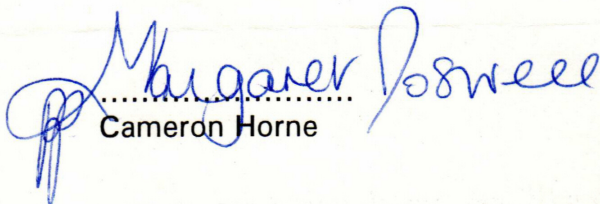

I called at Cleaning and Related Services earlier this week and they told me how delighted they were with your handling of the current bulk deliveries of Hand Towels and Toilet Tissue to the schools, and the fact that it all went so smoothly with the total operation being completed three days ahead of schedule. For them to be delighted is high praise indeed.

On behalf of Kimberly-Clark Limited, I would like to add our thanks to you and all the Staff at Autobar concerned with this operation, particularly Bill Watson, Helen McCann and Maureen Curran, for carrying it out in such an efficient manner.

We now look forward to the next one in November.

Thanks for your support, and well done.

Yours sincerely

.....
Cameron Horne
